Beyond

Synopsis

Seventeen-year-old Presley Hale has no idea the guy she just told off in the school parking lot died in a drowning accident four months ago. And why would she? It's not like she knows she can see the dead..... On his four month death-iversary, Landon Blackwood is over his ghost gig and finally ready to leave Earth forever. But when he stops by his old high school for a final good-bye, he's stunned when the new girl in town, Presley sees him. Against his guide's wishes, he bags his departure and begins tracking her to search for answers to their mysterious connection. But how long can he keep his true identity a secret? And how long can he protect Presley from the insidious spirits using her as a pawn in a deadly game in which no one wins?

Customer Reviews

BEYOND is a beautifully crafted star-crossed love story that will keep you turning pages to see if there can be a happily ever after for Presley. In their debut novel, Haverlock and Larkin have woven an engrossing and touching tale of young love that reaches beyond mortal limits. A quick and satisfying read that is not to be missed. --Katherine King, Author of award winning *The Other Side of the Stars* There's so much to love about this book! With a paranormal aspect filled with its own fascinating mythology, a main character in a refreshing role, an ending I couldn't guess, vivid settings that make the story come alive, all packed with mystery and a new love and heartbreakingly tough choices, this is a story that will hook you from the start. --Peggy Edelman, Author of *Sky Jumpers* and *The Forbidden Flats* (Random House) All-consuming. A match made in heaven for readers wanting to immerse themselves in ghostly romance --Nikki Trionfo, Trionfo, Author of award

What a whirlwind! I love getting sucked into a book so much that I can't put it down all day! You know it's good when you finish in a day. ;) These ladies have such a way with words! The characters and setting came alive through their descriptions and details. I am not typically drawn to paranormal stories, but I was drawn into this one right away by the unique concept and captivating connection between Presley and Landon. I loved the many references to making choices and the importance of progression through those choices. I loved Chase and the sweet relationship between him and Presley. The protective instinct she had for him as well as the welcoming and inclusion from her new friends for him really touched my heart. I also felt for the pain and struggle she endured in her family dynamic and the heavy burden she carried a lot. She missed out on so much and had to mature quickly which I think prepared her for Landon and allowed them to connect as deeply as they did. All that being said, I felt there was such a build up to the conflict and then it came and went so abruptly. And the conclusion was what I hoped for, but it felt almost too perfect and came on so fast that I was left with questions. I needed and wanted more! :) I think this book will be well-loved by many and will resonate particularly with the YA crowd. It's refreshing to find books like this that are clean but don't skimp on the chemistry or quality of writing. I look forward to more from these authors!

Authors Catina Haverlock and Angela Larkin have come together and written an intriguing and interesting paranormal fantasy young adult novel that will hook readers from page one. One strong theme is the struggle of dealing with the death of a family member; of the loss and pain that goes along with this. It is also brings to life a world with two dimensions as a "dead" person and a "living" person form a unique relationship and the dangers that brings. The relationship between this couple progresses naturally and is extremely fascinating. This is a fun, interesting, and captivating read that teens will thoroughly enjoy.

Genre: young adult, fantasy, paranormal

A print review copy of the book provided by Cedar Fort, as well as an e-copy purchased. A review was not required and all views and opinions expressed are my own.

I really loved reading "BEYOND - a novel". It is an excellent book, I found it to be very moving, interesting, intriguing, spiritual, nourishing and warm. The setting for the book in Truckee, CA. was great for me because I could visualize that beautiful spot in the Sierras. Their writing really kept me glued to the book to find out more about that special journey they were all on. I recalled the specialness of my High School days and how they were and are ever so wonderful in all of our lives. I particularly liked how the authors broke up the book into Chapters with each of the characters providing their own special narratives. For me, this made the book and storyline very personal. I am ever so glad that I was given the heads up on purchasing this Novel. Great job Catina and Angela !!!

I stumbled across this book online because it's set in Truckee, and I'm a Tahoe girl from way back. Plus, I've always been a fan of ghost stories. This book delivered! There were a few sticky/slow spots, but overall, the story kept my attention. My biggest criticism is that Landon (the love interest) is a bit over the top. This character is portrayed as wealthy, attractive, a superstar athlete--a potential Olympian even--during mortality. I guess I just wanted him to be a little more normal instead of good at everything. On the other hand, Presley, the main character, has lots of struggles and her life is hard. It was so much easier to connect with her. The autistic little brother is portrayed wonderfully too. I'm thrilled that a sequel is in the works!

I loved 'Beyond'! I'm going to reread it just so I can fall into the story again. I loved the characters and the different family dynamics portrayed in the story. The best part was that it was intriguing, intense, full of romance, but CLEAN! Thank you to the authors for sharing their talent with us and I hope they're planning a sequel.

This book was a quick and easy read. I enjoyed the fast pace feel of the events. I also enjoyed the details. As I had to put the book down frequently, because I am a mother that gets interrupted by children's events, noticed I was able to pick the book up and get right back into the book as if I never stopped reading it. They create wonderful images and detailed pictures in the reader's mind. I do feel that the relationship between the two main characters was slightly lacking. I didn't truly find myself rooting for them. What I mean by this is I didn't feel a strong pull for them to be together compared to other books that I have read. I do wish a bit more time had been taken to develop that relationship. Overall I am pleased with this book and I have recommended it to friends and have given copies to friends as gifts.
