Customer Reviews

Great. It got to all the points. The outlines were very useful and detailed and explained all of the information.

Though they'll be spanned between 6 books, these complete guides to Cowboy Bebop are perfect for the person who wants a detailed summary of each episode and information on the Cowboy Bebop world. Volume 2 picks up where Volume 1 left off, giving in-depth summaries of episodes 6-11 (with clear pictures along side the writing) and information on the ships and characters in these episodes. Also, there are facts and 'secrets' within the pages, explaining the reasons for episode titles, events in the episodes, character pictures and items, and also the director's name of each show. This is a masterfully designed book filled with information on Cowboy Bebop, and although it is a relatively thin book, it covers most aspects of each episode a lot better than you'd think. I recommend it to any Cowboy Bebop fan. Its not very expensive, so cough up the money and buy

this perfect little guide to episodes 6-11.
