Niece is 8 years old. Want to get her into drawing this type of art. She's traced freehand without using the informative sequential steps to drawing manga. Would recommend for purchase again. Plethora of situational characters to draw for many occasions.

This is a great, very detailed drawing book. I am an elementary art teacher - I bought it for my 12 year old daughter and I am extremely pleased with the step by step detail. I can't wait for her to start

drawing from it! It will be challenging and fun.

Super cool Book to give a gift to your children that loves Anime Art. Excellent!!

I ordered this for my 9 year old grand daughter and she loves it!

My kid loves it. Perfect condition. Arrived on time.

If you're a starter with anime, I wouldn't go with this book. But if you're at least getting the hang of it.. Get it.

This book is a great beginner book and gives the basics a person needs to start. It also have packed with step by step instructions on how to make a variety of manga characters. Fun book.

This book is wonderful! It has great detailed hints, such as the ones in the "Drawing Feet and Footwear" section but what made me love this book was that it is filled to the brim with great instructional step by step drawings. It is perfect for the young Manga artist and it is guaranteed to improve anybody's artistry.
