This map is great for finding good fishing spots. I wish it was more detailed but it is certainly better than nothing if you are not familiar with the depths and contours in Lake Jordan. It has a legend with "fish attractors" but have yet to catch a fish near one. Also tells you where boat ramps are located and underwater obstructions if you are in a motor boat. Has some fishing tips and techniques for Large Mouth Bass, Crappie and Hybrid Striped Bass. There are also lake facilities indicated for day use areas, camping etc. Nice lake profile summary too which includes the lake size and depth, water source, water type (eutrophic), bottom, shoreline and cover. Surrounding roads are also on the map. Let's just say it's worth the money :).

Great map. And made of "waterproof paper". Shows all of the danger areas I was concerned about on Jordan lake.
