Synopsis

Torah Rediscovered lovingly challenges readers, Jewish and non-Jewish alike, to take an honest new look at the true nature of the first five books of the Bible (the Torah). Torah Rediscovered reveals the beauty and depth of God's divine covenantal revelation. In doing so, Torah Rediscovered attempts to demonstrate to all who seek to understand it how its divinely inspired pages can help them to learn in greater depth what it means to be new creations in Messiah. I absolutely believe that EVERY believer in Y'shua haMoschiach, whether Jew or Gentile, rabbi, pastor, or laity should be REQUIRED to read this book. I am most definitely going to present copies to the leadership in our kehilat. The authors points are well researched, logical, historically accurate, scriptural and contextual. In my opinion, anyone, no matter if they are Jewish or Gentile, who has a problem with this text is either anti-Semitic, racist, or elitist. It is long past time for the "one new man" to get a clue and get to work! And most of all; stop slandering and blaspheming the Holy One of Israel by saying that He changes or is a Respector or holds the tradition of men higher than His Word - how about that? Ariel and D'vorah, if you read this, please know that this book has blessed my heart and spirit. Many things did not make sense when reading scripture or hearing a teaching. You have fully turned the lights on for me. Those who I have led to the Messiah will also receive a

copy of this most necessary book. Now a challenge for you. I hope that if you cannot do it, that you arrange to get the most spiritually balanced, Messiah-loving, Israel-loving, Jewish and Gentile Bible scholars together to fast, pray, and translate the Textus Receptus in its proper context. They must not be ecumenical in ANY fashion. And ... I will be blunt and state the following; whomever it is who works on it, MUST NOT be a convert - no matter how smart they may be. Enough with those who bash either Gentiles or Jews. There is absolutely, positively, NO place for that sentiment in the Body of Messiah. PERIOD.

Very helpful to someone new to the Messianic movement.

Well written and insightful

Great read received on time

This is a great book for those exploring the Torah of Yahweh. Really gives you a whole new prospective of what the Torah is about.

Wonderfully clear and tone is gentle and unassuming. The book cleared up many of the things that I found were contradictory in the Bible. Understanding from Hebrew background is so important.

Excellent read, written in layman's terms!

This is a misleading attempt to hide messianic proselytizing in the garb of Torah. There is something suspect when an author conceals their agenda.
