Customer Reviews

Maps are good and detailed but in this size far too difficult to read because the print and graphics are way, way too tiny. I suspect this is just a shrunk down version of an atlas that would normally published in a larger format. Cannot recommend unless you can find it with bigger type.

Great map book

Informative and as described

Good book

My 24 year old grandson would love to go to Australia and loves maps. This was his only desire for his birthday and he hasn't put it out of his sight.Very excellent and very successful.
