Crochet: 365 Days of Crochet: 365 Crochet Patterns for 365 Days

SPECIAL BONUS: Over 45 Holiday Crochet Patterns at the back of this book.

Do you love to crochet, but you don't have a lot of time to get involved with big projects? This doesn't mean that you can't still enjoy your favorite hobby. All you need to do is find patterns that you can make up in a few hours. There are loads of great patterns out there that you can whip up easily while you're sitting around watching television, riding in a car on a long trip, or in your spare time (if you actually have any). In this 365 Days of Crochet e-book, we are giving you a whole year's worth of patterns, and each one can be made in a single day. In fact, you can make many of these patterns in a couple of hours or less, although you may want to set aside 5-6 hours if you plan on trying some of the bigger projects like blankets and ponchos. Seriously: You will find loads of great ideas for items for your home, wearables, gifts, and a whole lot more. So, grab your crochet hooks and yarn, and start the year off right with a special pattern for every day of the year. Download Your Copy Right Now!

Customer Reviews

Easy instructions, but lacking pictures for finished product.

There are no pictures of any of the items, only a list (pages long) in the back with internet addresses to visit to see the item (or of another item as a reference). About 20-30% of those links online have been removed or not available anymore. I would advise getting the digital copy, not the hard copy, as the links then just require clicking on them. Those are the same internet links, so that problem still exists.

So much to do not enough time. Great patterns

No doubt the price is great for so many patterns, however, not a single photo of any items. Even if it only a black and white photo it would be a great help. I would have given it all 5 stars if it had photos.

The patterns are very cute. I plan to give a couple of these a try and thanks to good pictures and easy instructions for a beginner like me . Good book. Simple and easy patterns.

Good reference book

Very informative

It would be a perfect book and a 5Ã¢Â¢Ã¢Â¢ + if it had pictures or even diagrams with the individual patterns. It wouldn't be such a good deal, probably, if they were included! Good book!
