## Synopsis

In this work, fibre artist Sue Beevers shows you how to create one-of-a-kind painted fabrics in your own kitchen. Techniques rely on water-based paints used in conjunction with convenient tools and supplies, such as oatmeal, yoghurt containers, and file folders.

## Customer Reviews

Sue Beevers is an artist who has taught weaving, spinning, and dyeing, and she now focuses almost exclusively on fabric painting and quilting. Her work is featured in collections in the U.S., Europe, and Japan.

Best book on fabric painting

Great ideas, detailed instructions, a book I go to constantly as a reference and for inspiration. I have learned so much from this book and created some gorgeous pieces of fabric. It is so much fun!

Expand your fabric "stash" and create your own beautiful, easy to do hand painted delights. Sue Beevers’s recipes are easy to follow & all the paints & suppiles are easy to find around your home & the local craft store. As a quilter I found this book to not only get my "juices flowing" painting delicious fabrics, but to also nudge me back to the design wall! This is an excellent addition to any fabric artist’s library. Even if your time is limited, you can create beautiful fabrics very easily. Once you do one recipe you’ll want to do them all! Wonderful book!

learned a lot about fabric painting

Very good lots of good info.

This is a delight. The recipes for different effects are so clear, and the demonstration pieces show exactly what will (should) happen if you have more or less paint, do it in a different order, etc. I can’t wait to make some sample pieces. It could have been even better with photos of the jobs being done, or stages and tools in the process. Very inspirational.

Informative and inspirational. Good lessons, good photos, good resource!

I had already read through the book when I borrowed it from a friend, and decided I had to have it in my library.
