Larry Krieger earned a B.A. in Psychology from the University of North Carolina at Chapel Hill and an M.S. from Wake Forest University. In a career spanning more than 35 years, Mr. Krieger has taught a variety of AP® subjects. His popular courses were renowned for their energetic presentations, commitment to scholarship, and helping students achieve high AP® exam scores. All of Mr. Krieger’s students scored above a 3 on their AP® exams, with most students scoring a 4 or a 5. In 2004 and 2005, the College Board® recognized Mr. Krieger as one of the nation’s foremost AP® teachers. Mr. Krieger’s success has extended far beyond the classroom. He has written several history textbooks and is a co-author of REA’s Art History AP® test preparation guide. His latest venture, the AP® Crash Course® series, helps students strategically and effectively prepare for their AP® exams.

This book easily condenses lots of information in a really straightforward way. I also like some of

their tips and examples they gave to understand hard to grasp concepts! I got a 5 on my AP psych, and a large portion was because of this books help!

This book is a great summary of all the key points. It's, by no means, a cohesive explanation of all the minutia of the course; however, for a student who needs only a review, this is a good choice.

This book is truly a gem. Many people will recommend Barron's and Barron's is good, but this book, cut all the fluff and got to the essence of what my kid needed to learn. It is an awesome series and we will be using this to review for other AP exams :) update: she got a 5!!!!!! So much love for this book

Great information for AP test! Easy to follow and understand.

A good tool.

My students loved this book. After swimming in an ocean of material all year, the students were able to focus their review on key terms. It doesn't replace a textbook and a year of discussion and exercises, but it helps the students recall and remember what they have learned.

I tell my tutees all the time to practice, practice, practice. Two of my kids (who are B students) studied off this Crash Course book in addition to Kaplan and The Princeton Review, and they got 5s on their AP Test!

Got a 4 after using this as my bible
