You can help people stop suffering. You can make a difference in your world. You can help deliver God's healing power. For the first time, pastors and bestselling authors Bill Johnson and Randy Clark team up to equip all Christians to minister healing. Sharing inspiring and exciting stories--and grounded from start to finish in Scripture--Johnson and Clark lay out practical, proven, step-by-step guidance to ministering healing, including how to

- understand your authority in the ministry of healing
- walk out the ministry of healing with anyone you meet and in your personal life
- receive and relay words of knowledge
- implement and apply the five-step model of healing prayer

The ministry of healing is not reserved for a select few. God's miraculous healing is part of the Good News, and you, too, can become a powerful conduit for the healing power He loves to manifest. "It is our hope that each of you will begin to pray for others to be healed after reading this book . . . and that some of you will discover that God has given you a gift of healing."--Randy Clark and Bill Johnson

Bill Johnson, senior leader of Bethel Church in Redding, California, is a fifth-generation pastor and

the bestselling author of *When Heaven Invades Earth*. Bill and his wife, Beni, serve a growing number of churches through an apostolic network that crosses denominational lines, partnering for revival. Randy Clark, with a D.Min. from United Theological Seminary, is the founder of Global Awakening, a teaching, healing and impartation ministry. He is also an in-demand international speaker for conferences, missions, leadership training and humanitarian aid. Randy and his wife, DeAnne, live in Pennsylvania.

Great teaching! You can't go wrong with Bill Johnson. Here's some quotes from the second session: "Worship connects to healing; because worship connects to the manifest presence of the Lord." and "We need to create time for the Lord. He's the extravagant One. He is the one who heals the sick. We just give room for Him to be who He is. Give Him the opportunity as the Extravagant One to manifest Himself in the environment. We create a place for Him to come and do what only He can do."

Two well known servants of the Lord have put a powerful book together that really puts you to work. Don't be in a hurry to plow yourself through it and don't try to digest it while other things around are stressing you. I am rather sure that I'll have to read this book again in a little while, in order to let it plant its seeds deeper. The riches of two men who have been pursuing God's presence all their lives - you will not come close unless you are willing to forgiving yourself for a narrow mind. It's like trying to get a body trim and fit again after neglecting it ... you'll have to do some stretching! And it hurts! But here you have the tool you need for it. And I promise, what you thought would be hard, will show itself so simple. Take a chance and let these two men guide you into your future!

Bill Johnson and Randy Clark-two ministers that flow powerfully in signs, healings, and wonders, yet two very different angles by which the Lord began to work in their lives. The common thread woven within both lives are also what will advance the kingdom working through us today- hunger- pure, simple hunger for more of God. Many Christians were taught not to believe the sign gifts are for today. Randy Clark will lay a foundation and show the biblical bases of healing. His word study revealed that healings, miracles, signs, and wonders were the number one way God received glory. Randy Clark expounds on reasons- societal, theological, and church factors- as to why believers today discount healing and miracles. Bill Johnson believes prayer is the initial part of our assignment in co- laboring with the Lord. It is where the heart of God is with the heart of man and the purposes of God are released into the earth. The authors believe praying in the Spirit is

important to building one's faith. Good bible study, impartation, radical obedience including risk, and correctly stewarding what God gives us will aid us in moving in the miraculous. Transformation of the world around us is the expected result of carrying His presence. True transformation can occur in regions where strongholds are present by testifying of God's redemptive work, coupled with intercessory prayer. You will learn the soul/body connection and why deep and complete confession is an essential ingredient of a healthy lifestyle. Dealing with psychosomatic roots of illness is a significant aspect of ministering healing. Learn how words of knowledge operate in the body of Christ and the five step prayer model that will carefully walk you through steps when ministering to others to get to the root of the problem and pray effectively. This is an excellent resource and comes from the heart of two men that have learned how to minister effectively and have personally seen thousands of miracles take place within congregations, crusades, and in the marketplace.

"Faith comes by hearing,"--and by reading a very good book which lays out the biblical rationale for believing that God still wants to heal today, that He still actually heals today, and that He uses people of faith to bring His healing today. Having a clear understanding of His will and His way can help those who wish to be His co-workers in overcoming Satan's influence in God's creation; of helping establish God's Kingdom on earth. The greatest priority, of course, is to nurture one's personal relationship with God and be truly filled with His Spirit. But then what? This book answers that question with a sound biblical basis for believing that God wants to use people such as you and me to accomplish "greater things."

This is a great exploration of healing ministry. I love how Bill and Randy lay out a very practical in very clear path for those discerning the biblical foundations and practical implications of healing ministry. You may not agree with it all, but after reading this book you will know where you stand and understand why others may have a different point of view.

This year I felt our church was to seek more of the manifestation of the gifts of healing in our midst. As part of that pursuit, I purchased this volume because of the number of reported healings that take place in these two ministries. I found the work to be encouraging because as a pastor, my job is to equip saints for the work of the ministry including praying for the sick. These men are experiencing this in their lives (as we are now to a small degree). If one reads this work as a testimonial to God's healing power today, embraces the principles of humility and prayer, exalt the name of Jesus at every opportunity, then this book will be of benefit to you. If you are looking for the

ABC's of getting everyone healed, this is not that, because that work does not exist, and healing is still the arena where God is in charge. Overall, get the book, read it, pray for yourself, each other, and then go pray for the sick.
