Dolphin Rescue (Animal Planet Adventures Chapter Books #1)

Synopsis

Siblings Maddie and Atticus love living by the sea. Their dad traps lobsters off the coast of Maine. They love helping with the family business and volunteering at the local aquarium. The summer is shaping up to be a super one, for sure. Then one day they spy a pod of dolphins in the cove looking distressed. How will the kids use their knowledge of animals and their awesome problem-solving skills to help the dolphin family get safely back to sea? Perfect for reluctant, challenged, and newly fluent readers, the Animal Planet Adventures chapter book series combines fun animal mysteries with cool nonfiction sidebars that relate directly to the stories, bringing the best of the animal world to young readers. With full-color illustrations and photographs throughout. Collect all of the Animal Planet Adventures, including Luke and Sarah's story Farm Friends Escape!.

Customer Reviews

Animal Planet, a multimedia unit of Discovery Communications, is the world's only entertainment brand that immerses viewers in the full range of life in the animal kingdom with rich, deep content via multiple platforms and offers animal lovers and pet owners access to a centralized online, television, and mobile community for immersive, engaging, high-quality entertainment, information, and enrichment. Animal Planet consists of the Animal Planet television network, available in more

than 92 million homes in the US; online assets: www.Animalplanet.com, the ultimate online destination for all things animal; Animal Planet LIVE, the go-to digital destination for round-the-clock, unfiltered access to the animal kingdom; and other media platforms including a robust Video-on-Demand (VOD) service and merchandizing extensions. Catherine Nichols is the author of more than 60 books for readers of all ages. She has written on a wide variety of topics including Alice in Wonderland, animal intelligence, polar exploration, environmental habitats, as well as biographies and adaptations of classic books for emerging readers. She was a contributing writer on *Animals: A Visual Encyclopedia*. Catherine lives in the greater Philadelphia area.

I bought this book for my son and his reading group in his 1st grade classroom. They all loved the story! He wants me to get the rest of the series for him!

A fun book, great for beginning readers.

Maddie and Atticus live with their dad in a small town on the New England coast. Maddie volunteers with the local aquarium, and she's learned a lot about sea life there. The siblings are presented with the mystery of who has been pushing over garbage cans and scattering trash all around town. Together, they work to solve the problem, and they also find a way to save a baby dolphin caught in ocean garbage. Their story is told in *Dolphin Rescue*, the first book in the *Animal Planet Adventures* series. Geared towards early and reluctant readers, *Animal Planet Adventures* books tell a good story while also providing lots of sidebars with facts about a certain topic. In *Dolphin Rescue*, young readers learn about animals that live on or near the beach, aquariums, the importance of keeping beaches clean of trash, dolphins, and more. It's an interesting combination of fiction and nonfiction that is likely to appeal to young readers who say they prefer one or the other. Illustrations and photographs are plentiful, encouraging kids to linger over the pages as they read. And the story is just right for sensitive young readers aged 6 to 10, who may appreciate more fun than scariness in their mysteries. The publisher provided me with a copy of this book in exchange for my honest review.

My almost 9 year old 3rd grader has been loving every graphic novel she can get her hands on. I got her this book as a surprise gift because although a traditional "chapter book" it has plenty of interesting pictures (which is why she's having a hard time moving from graphic novel to traditional chapter book). After the 1st night of reading this book she immediately asked me to add "Farm

Friends Escape!" to her birthday wish list. I hope they come out with more in this series!! I know my kindergartener will be reading these next year!
