Inch By Inch

Synopsis

Caldecott Honor Book * New York Times Best Illustrated Book This favorite classic picture book introduces children to a winning, winsome inchworm who can measure anything under the sun, from a robin's tail to a toucan's beak. When a hungry nightingale threatens to eat him for breakfast unless he can measure her song, the inchworm will have to cleverly solve the dilemma. This is a whimsical and sweet picture book that asks, "Can a song be measured?" The lovely colors, the sharp definition of cutouts against white space, the rhythm of the composition, and the simplicity of the whole make a handsome and appropriate book to give pleasure to little children and their elders. • The Horn Book

Customer Reviews

"The lovely colors, the sharp definition of cutouts against white space, the rhythm of the composition, and the simplicity of the whole make a handsome and appropriate book to give pleasure to little children and their elders. • The Horn Book Magazine From the Hardcover edition. --This text refers to an out of print or unavailable edition of this title.

In this classic book, a winsome, winning inchworm is proud of his ability to measure anything under the sun.

Great fun to read with 3 year old. The art is wonderful and fun to discover where the inchworm is on each page. Child liked to measure the different parts of the birds with a ruler. Did not find the measurements to be the same as in the book.

Leo Lionni books are a favorite. Illustrations are unique and imaginative- great for children to be exposed to.

good book to introduce measurement...well received by children...

Read this book with them when they are young; it gives you such a great reference point for encouraging your child when they get older -- how to turn a weakness into a strength, how to turn an adversary into an ally, how to outmaneuver an opponent.

I have loved this book all of my 57 years. I was heartbroken when my younger sister got it when my parents divided the Myriad of children's books between us and our two older sisters. It was tattered, the cover lost, and riddled with scribbles. Yet, loved and beloved. It broke my heart that it was out of print for years. What a joy to have it back! Now my grandchildren can fall in love with this amazing, gentle book.

Very cute but short little story. Great to read aloud at bedtime very slowly to help kids get calm, also would be good to use as an early reader.

Love Leo Lionni!

beautiful illustrations and witty story
