Customer Reviews

ITMB Publishing is a Canadian map publishers since the 1980s with a worldwide coverage. This title is a part of an extensive series of maps of African countries.

I spent about a week and a half in country and was able to track all of our travels on this map. So, adequate detail and accuracy. Plus, nice to have a paper map for quick, easy reference vs. having to look on a tablet or similar device, particularly as you are jouncing down the road. The detailed inset for Dakar does not cover area of Ngor or Almadies, which is where we were based; only reason this does not earn five stars. I did not go to Gambia, so can't speak to that aspect of map.

Good map of road and points of interest for this area; an area that is very hard to find maps for.

This has "reasonable" detail but I wish the material was more waterproof. This will tear with frequent use. The city map of Dakar could use more detail.

great map

I needed this map in planning a trip to Senegal and Gambia, it was very useful and worth the price. It was delivered in a timely fashion.
