Fun With Airplanes Stencils (Dover Stencils)

Synopsis

Six sturdy pre-cut outlines make it easy for youngsters to trace and color a commercial jet, a helicopter, a light plane, and three other aircraft. The open stencils require no cutting or punching out, and the simple shapes make tracing easy. Adults will also find these reusable designs a great way to add airplane appeal to a nursery, child's room, or classroom.

Customer Reviews

All of these little stencil books really are awesome. They are soooo inexpensive and my 6 year old uses them ALL the time. They are really worth it. Happy

They were a hit at Christmas.

They are a bit small but my grandson likes these. He traces these on paper and then colors them. His head is in the clouds with these.

Wasn't as big as I thought they would be. Oh well.

My third grade son received these stencils as a Christmas gift. He loves it and he takes it to school

with him. His friends like to use it as well.

We make birdhouses and I had a request for one with airplanes on it. This stencil packet was exactly what I was looking for. The available choices were excellent, the paperweight just right. Very pleased with my purchase.

Great stencils for kids art projects.

For the price this paper product was not what I was expecting to get. I wished this was a cut in cardstock the paper would hold up longer. Very disappointed. Cynthia
