# Collection Editions: NCIS (Volume 1)

## **Synopsis**

NCIS... One of history's most popular television shows. 'NCIS', 'NCIS: Los Angeles', & 'NCIS; New Orleans' have taken the world by storm for more than a decade. Unique storylines, interesting characters, and quick witted scripting make them a series to be remembered for years to come. 'Collection Edition: NCIS' is the ultimate and informative guide for any fan of the show. With full character bio's, series and episode guides, actor biographies, series facts, and so much more. All three series are covered right from the shows original JAG cross-over episodes, through L.A, New Orleans, and the 'NCIS Red' pilot episodes.

## **Book Information**

Series: Collection Editions

## **Customer Reviews**

The book is interesting as I started looking over it, it was going to be a Gift! I'm not giving it as a gift anymore, I've NEVER seen so many mis-spelled words and typos in a single sentence! If you just want information you already know and basic screen shots of all the episodes for the NCIS series, you have it. Unfortunately, the author did not re-read the copy himself, nor did he have an Editor! It's just terrible in the sense of the Basic English 101 College Class! Maybe even High School Freshman English. In one sentence he spells Abby as Abbie! I also put in yes, a lot of run on sentences! If my review annoyed you, you get the idea!

Unfortunately, annoying with so many typos and several incorrect 'facts..' (I have yet to finish it. Call me a literary Nazi - I wasn't looking for genius here, just correct spelling, punctuation and

capitalization, to name a few). Obviously, the publisher's budget did not run to a proof reader, and the author writes more as a 'fan' i.e, sort of gushy, rather than imparting information in a factual manner that will give those new to the show (if there is any such animal) an insight into the past of the various characters and situations. Admittedly, this book is two years old, so it's behind the times anyway. Will I finish, eventually, I guess. Otherwise, I will just look at the pictures. Have to get something for the money. I may still have bought it, but who knows. I just know my husband feels bad as this was a gift from him and it's a dud.

So far, this is the most complete Collector's Edition book I have found of the NCIS franchise. It not only covers the regular NCIS TV series, but also includes info from NCIS: Los Angeles and NCIS: New Orleans (which had not yet aired as of its writing). Not only does the book give a brief episode-by-episode synopsis of both NCIS and NCIS: Los Angeles, it also gives bios on each of the NCIS characters - and the actors/actresses who portrayed them! It also touches on its predecessor, "JAG" and the pilot for the never-aired spinoff, "NCIS: Red." The main reason I give it only 3 stars instead of 5 are the blaring typos throughout the book. Not only are there case, punctuation and syntax errors, but very obvious misspellings - and even an omitted word here or there! It was in desperate need of proofreading and editing before it was published! If you are able to overlook the typos, this is still a worthy book to add to your NCIS collection.

this book was a good read. the part about ncis i truely enjoyed i think the way tony and ziva bantered about was great and tim is also very important part of the cast but i loved ziva more than any of the cast i liked the way gibbs slaped them on the back of the head but my favorite was ziva i think they should offer her anything to get her back on the show the new girl is going to ruin the show and get it canceled as for ncis los angelus i dont like it because i dont like the cast the jury is still out on ncis new orleans i like the show and the cast but lets see some more episodes first i think it will be a good spinoff as for ncis i would offer cote anything she wanted to come back the new girl is going to ruin the best show on tv if cote wont come back please find someone who can act .

I found it a fun read with a lot of information on both NCIS and NCIS:LOS ANGELES but, found it lacking on the NCIS New Orleans information and I think that since the show is so new that the author should have omitted it in this volume. If you are a fan of these shows this by all means buy it because it is a fun read for any NCIS fan.

I have enjoyed reading this book, but it has some correct information and some questionable information. I felt that it was written by someone who had only seen each episode once, and forgot some things. It was either not proof-read or who ever did it does not know how to spell. That is very annoying!

great book

Badly written, episode recaps terrible. Felt it was written by a 10 year old. And so many typos. Don't waste your money like I did.
