Crash And Burn (Volume 2)

Synopsis

Even as he dialed, Nick Bishop ran through the trees toward the rising dark plume. "911. Is this an emergency?" "Yes." Nick coughed on the smoke. In the second book in the Mud, Blood and Motocross series, mysterious fires plague West Central. No one believes the fires are related, but the action reaches a fever pitch when Nick finds himself in the middle of a dangerous conspiracy. Arrogant, cruel, and greedy - a group of unscrupulous criminals is at work in his small town. Crash and Burn is full of explosive fun, but you don't need to be a fan of extreme sports to be blown away by this action-packed mystery.

I started Crash And Burn with some doubts. The typical doubts for a mystery series. How is the author going to make it possible that the same people are involved in another mystery after the first mystery sprung upon them through particular circumstances? A second book is usually where things begin to get ridiculous. However, I was happy to discover that Mick Wade only improved on what he was able to do in Mud, Blood, and Motorcross. The story picks up a little while after the first has ended and over its course resolves some things that will really make the reader smile. We get to see the main characters, the primary cast, continue to develop into more fleshed out people, while at the same time new characters are introduced due to the developing mystery. Rest assured though Nick Bishop is no Nancy Drew. He does not go out and seek a mystery. He just wants to race motocross and stay sane. This mystery comes at him like a kick to the head. Once

again Mick Wade makes West Central, Colorado a real place and the mystery is likely actually be happening in several different cities across America. Yet even for that it is sinister and deplorable. You, like me, will enjoy watching Nick as he struggles to not only compete under very unfortunate personal circumstances, but also push back again one small force of injustice that has hurt too many Americans. Go for a ride with Nick Bishop and Mick Wade. You will hang on tight till the last page!

I was a big fan of Mud, Blood, and Motocross and this was not a disappointment. It was a new storyline that built on the characters I loved the first time around. The plot intensified quickly and kept my interest through out the adrenaline pumping twists and turns, leaving me breathless and ready for the third! Keep it up Mick Wade!!

Thank you for a series my son enjoys reading!!!
