Customer Reviews

These types of passive income streams are new to me and I am glad to know this right now. I am newly resigned from my work and I wanted to know the different ways of earning passive income. I started my online business and I'm working different part time on the sides. This is seriously a great opportunity for me to grab and gain more passive income streams.

good book

I was impressed and my interest peaked when he told the truth that most people will not make a fortune with ebooks, etc. Most other ebooks I've read all proclaim making large amounts of money sitting in a lawn chair on the beach. Did this discourage me? Actually it encouraged me to accept the challenge. This is probably the best book I've read on this subject so far and it is well written. If you are searching for information to guide you in passive income this book is a good one to start with.
