Orgasm Unleashed: Your Guide To Pleasure, Healing And Power

Synopsis

A GROUNDBREAKING GUIDE FOR WOMEN ON BECOMING CRAZILY ORGASMIC Sexual healer, coach, and public speaker, Eyal Matsliah presents a practical and hands-on guide for women to feel more connected to their bodies, femininity, and sexuality. In this groundbreaking book, *Orgasm Unleashed*, women are given a holistic model for pleasuring, healing, and empowering themselves to become deeply orgasmic. Although it's in every woman's nature to be in this absolute state of ecstasy, only a small percentage of women experience all that is possible. *Orgasm Unleashed* levels the playing field by providing a blueprint for any woman to redefine her sexuality and take charge of her orgasmic experience. The fundamental message in this transformative book is that a woman can lead her own sexual revolution. She will learn to reach deep, fulfilling orgasms on her own, a masterful skill that she can later share with her partner or lover. *Orgasm Unleashed* reveals:

- The one technique that makes any woman orgasm within a few weeks of practice
- How to experience multiple orgasms and over twenty types of orgasms
- the clitoris is just the beginning
- How to experience a ONE-HOUR ORGASM
- A combination of powerful theory and a wealth of practices, techniques, and secret tips
- How to harness sexual energy to become confident, expressive, empowered, and successful
- How to love, nurture, and accept oneself
- How to turn orgasm into a spiritual experience
- and much more!

Whatever stage a woman is at "whether she is already multi-orgasmic or has yet to feel the bliss of an orgasm" her experience of sexuality will transform. *Orgasm Unleashed* will teach her to become sexually self-sufficient and leave any woman feeling completely and totally satisfied. It might even change her life. "This book contains genuine wisdom about female sexuality and female orgasmic pleasure. As a female reader, I loved how encouraging the tone of the book is and how much permission-giving there is embedded throughout the book. Even at first glance I learned things I did not know about my body and my orgasmic potential and I felt encouraged to explore things I had wondered about and things I had never even considered." ~Louise

"As a man reading *Orgasm Unleashed*, this book provided valuable insights into female sexuality, and helped rewire my perspective and my relationship to women's pleasure. Our sex education in the West is rubbish. It's about time as mature adults that we step up to the plate, take the reins and actually start to learn and embody these teachings and gain a much better understanding and embodiment of our sexuality " ~Anonymous

"This book is AMAZING! I've been working with women's sexuality professionally for 4 years now, and this is the first time I'm reading a sexuality book and actually agreeing with it all... the tools and techniques he recommends are tried, tested and proven to result in deep, blissful, ecstatic orgasmic states, release of tension and trauma, empowerment, self-love,

confidence and amazing sex!" ~Bonnie Bliss www.blissrevival.com "In an area that can be both confrontational and confronting for the uninitiated, author Eyal Matsliah gently guides women on a journey of self-discovery. Each chapter delves deeper than the previous one and, if you follow the practices, this book has the potential to transform your relationship with yourself, your body and your partner. Ultimately, it could change your life." ~Jacquion "Eyal has written a very clear and all encompassing book that explains in detail how you can experience more powerful orgasms and live an orgasmic life. It has everything from helpful anatomy to sexual practices and mind-set shifts that are very important for any woman who wants to experience deeper pleasure and sexuality." ~Layla Martin

After a life time of exploring sexuality including 10 years of intense Tantric practice, I felt called to share my experience and realizations with the world. The purpose of this book is to guide you in deepening and expanding your orgasmic experience, first by yourself and then later with your lover. The practices are designed to help you become more expressive, empowered and better connected to your femininity. Whatever stage of this journey you are at - whether you are already multi-orgasmic or have never had an orgasm - your experience of sexuality will transform. My vision is that this book will reach millions of women and help them change not just their sex lives but other aspects of their life. Once these women become more orgasmic, confident and better connected to their femininity, they will be able to change the world around them - their lovers, their family, their

social and professional circles. I believe this book can change the world.

EYAL MATSLIAH has dedicated his life to loving and helping women. He has been studying and practicing different modalities of tantra, sacred sexuality, healing, yoga, coaching, and meditation since 2000, and has helped thousands of people all over the world as a sexual healer, coach, author, speaker and workshop facilitator.

This book is **AMAZING!** I've been working with women's sexuality professionally for 4 years now, and this is the first time I'm reading a sexuality book and actually agreeing with it all... Eyal knows his stuff, has done his research, but more importantly has actually experienced what he's writing about with his clients... the tools and techniques he recommends are tried, tested and proven to result in deep, blissful, ecstatic orgasmic states, release of tension and trauma, empowerment, self-love, confidence and amazing sex! This book redefines orgasm and what is possible for women - letting go of the narrow clitoral only focus and expanding that view to embrace a vast and infinite universe of orgasmic bliss. It reads beautifully, flows well and just makes sense... lots of practical methods to start using straight away to open up to your full orgasmic potential!

Enjoy...! www.blissrevival.com

In my own personal 10+ year journey and 4 years of working with hundreds of women around feminine embodiment and sexuality, I can honestly say *Orgasm Unleashed* is the most simple, practical and effective resource I've ever come across for women to understand, awaken and embrace their orgasmic nature. In an ocean of information, complex philosophies & weird tantric practices...the clarity offered in this book is priceless for a woman who desires to experience pleasure, healing and power without sifting through piles of techniques and theory.

This book is magnificent. Eyal Matslish teaches practically everything we want to know about orgasms and how to best achieve them. Orgasms are not only for pleasure, but healing women that when through sexual trauma, and who are just self-conscious of themselves. He covers everything from sounds, movement, breathing, and chakras, if one was into that! In all, Eyal definitely knows about **THE ART OF MAKING LOVE**.

If I didn't know this book was written by a man, I would have sworn it could only be written by a woman. He really gets it! He very clearly articulates exactly what needs to be understood about a

woman's sexual energy and pleasure, and I'm taking the really subtle stuff, not the obvious things that we hear over and over again. He describes techniques that it took me years to figure out on my own! And this is much more than a sex how-to book. It's also about incorporating sexual energy into our broader lives. I can tell you from experience that if you heed the advice in this book, you will unlock orgasmic potential that you only ever dreamed of.

As a husband reading this looking to learn more about how to please my wife, all I have to say is WOW! It's so informative and written in a down to earth simple way. This book is not only for women. I highly recommend it.

Eyal has absolutely outdone himself with this book. It's one of the most helpful books I have ever read on female sexuality, especially coming from a male perspective. You have to read the book to be able to experience it for yourself:) I have nothing but good words for the work that the author has done. He outlines practices that are guaranteed to make a difference in your life. I was on a countdown before the book came out and I was not disappointed. The best part of this book has been the 30 day tapas. It's definitely a game-changer:)

This book is full of so much beautiful, healing wisdom that is shared in a way that is incredibly easy to understand and implement. It covers the full range and sexual depth that some books around female orgasm miss. I highly recommend this book for any woman who wants to fully unleash and experience her orgasm beyond what we normally consider an orgasm to be.

Extensive, many new insights and approaches, many exercises. Down to earth information for flying of to heaven. Definitely for keeps!
