Customer Reviews

I thought there would be more recipes. This was a lot of hype and misinformation. Very disappointing. I love the part where cavemen had no stress. Right.....

Sucks don't waste your money.

Very informative and quick introduction to paleo. Just what I needed.

Good meal plan with delicious meals and food ideas. I really like eating this way. Convenient, easy, healthy and tasty. A great way to get healthy and fit.

Looks like a good book. I know people who have been on paleo and have lost alot of weight.

Shipped quickly thru . Can't wait to try it.

Was broken down to be very informative and easy to understand. Great meal plan added so you had the 14 days outlined for you.

The book is short. Maybe could use more recipes. It does say beginner and basic though. Good over view about Paleo eating. Simple.

Cant wait to get his in hard copy. I am not big on reading them on a tablet. Very good recipes and easy to follow.
