Handbook Of United States Coins 2017: The Official Blue Book, Paperbook Edition (Handbook Of United States Coins (Paper))

Synopsis

Since 1942, coin dealers have used the annual Handbook of United States Coins—the OFFICIAL BLUE BOOK—to make buying offers. You can use it to find out how much your coins are worth! The Blue Book's price listings offer a real-world look at the coin market, gathered from dealers around the country. The new 74th edition has been expanded, with eight additional pages of content including updated prices, new sections, and many new photographs. Coverage includes colonial and early American coins, federal coins (half cents through gold double eagles), commemoratives, Proof sets, die varieties, private and territorial gold, tokens, the newest Presidential dollars, National Park quarters, bullion coins, and much more. More than 24,000 prices in multiple grades. Easy-to-follow coin-grading instructions. Coins and tokens from the 1600s to today. Historical information. Hundreds of detailed, actual-size photos. How to start a coin collection. Detailed mintage records, and much more.

Since 1942, coin dealers have used the annual Handbook of United States Coins—the OFFICIAL BLUE BOOK—to make buying offers. You can use it to find out how much your coins are worth! The Blue Book's price listings offer a real-world look at the coin market, gathered from dealers around the country. The 74th edition is fully updated with new prices and many new photographs. Special sections include a glossary of coin-collecting terms, a bibliography for further research, an appendix on selling coin-like tokens and medals, a chart of the top 25 coin prices realized at auction, and an illustrated essay on how to grade coins, and how grade affects value. The Blue Book covers

colonial and early American coins, federal coins (half cents through gold double eagles), commemoratives, Proof sets, die varieties, private and territorial gold, Civil War tokens, the newest Presidential dollars, National Park quarters, bullion coins, and many other American coinage series. More than 24,000 prices in multiple grades. Easy-to-follow coin-grading instructions. Coins and tokens from the 1600s to today. Historical information. Hundreds of detailed, actual-size photos. How to start a coin collection. Detailed mintage records, and much more.

As a collector of U.S. coins I find this book very valuable in determining an annual estimated cost of coins from prior years. I have purchase this product for a number of years now and the coin values shown seem relatively accurate with current values. I will be purchasing the 2018.

if you want to know what a dealer is likely to give you for your coins. Many prices have changed since I bought the 2014 edition, same good reference in general.

It is the updated guidebook used by all coin collectors. Nice binding, clear printing, as always.

"United States Coins" (blue book) is a must have for all serious collectors of U.S. coins. Perfect for a gift.

Very Good Handbook to Organize my containers of U.S. Coins ! Thanks, Joe

The best....Thanks...AAAAA+++++

very informative. Good to have it, just in case...Terry

getting knowledge from many source always helps the learning process
