Customer Reviews

This obviously for parents who are Hebrew beginners. I found the Hebrew fonts too small to read the nikud vowels. They should either make the Hebrew fonts bigger or preferably include the transliteration to aid in pronunciation. Also the pages have too many objects.

Nice variety of words and pictures.

Didn't realize English phonetic pronunciation is not a part of this book. Only useful if you already know how to read and speak Hebrew.

The book is a small board book. Good quality though. Has a good amount of vocabulary words though

I wish they added phonetic to help with Hebrew pronunciation.

Our little one loves this book engaging and a chance to help her learn all at once.

My 2 year old likes this book a lot. I like that the pictures are realistic (e.g., the picture of a phone is an actual phone, not a toy phone). We don't speak Hebrew, so I can't comment on that aspect of the book, but we find it useful just helping our toddler increase his English vocabulary.

Nice book
