# Asteroid Goddesses: The Mythology, Psychology, And Astrology Of The Re-Emerging Feminine

## Synopsis

This book shows how the discovery of the asteroids Ceres, Pallas Athena, Juno, and Vesta coincided with the shift of a woman. The creating, supporting, nurturing aspect held by the goddess Ceres, the universal mother, brings us to how we feel nurtured and how we function with our roles of mother-child. She embodies the principle of unconditional love. Pallas Athena is our Warrior Goddess, a woman in a man's world, carrying the principle of creative intelligence. Vesta, our goddess of Focus and Commitment, is our High Priestess. Juno, the Queen of Heaven and Divine Consort, is our capacity for meaningful relationships. Understanding the themes that each goddess holds enriches our understanding of that function and expression in our lives.

I love this book. if you are interested in asteroids and want to really get information...this is a must!

really good book!!! :)

I loved this book. Definitely an important astrology book I'll refer to again and again. Can't wait to read more Demetra George works. Sorry for my lacking review. I just really loved this book and if you're interested in learning more about "The mythology, psychology and astrology of the RE-emerging feminine" then you should probably read this book!

I have wanted this book forever, and finally bought it. As a student of astrology and a feminist women's studies scholar, I will savor every page!

Very informative.

So grateful for this perspective on the transformative asteroids.

Great book! It really sheds light on a part of astrology that is just getting attention. I really recommend this book for females. There is more to the solar system than the male dominant planets.

An excellent book on the 4 main asteroids.....well written with much information on the Mythology of the goddess's.

This is a really good asteroid book that I wanted to add to my library. This is the first step of learning more about the asteroids and I'm glad I found this book on line.
