## Customer Reviews

HiThis is a nice book about low carb dieting. It's straight and too the point and produces a good variety of tasty low carb diet recipes which you can take to help with the dieting process. The low carb diet is a popular way to lose weight because when carbs are low, insulin levels are low too which helps with weight loss. But the challenge is that it can be boring and difficult to follow a low carb diet. So what I like about this book is that it provides a good variety of low carb diets. So if you are interested in trying out the low carb diet then check out this book.

Easy to follow.
