Thief In The Myst: The Master Thief, Book 2

Synopsis

Jack Myst infiltrated the Thieves Guild to avenge his mother's murder but never expected to find a home. Now a master thief, he grapples with his new identity as he unravels the secrets of the fallen Guildmaster. The trail of questions will lead to a shocking truth: that his foe is a remnant of an ancient race, the very devil of Lumineia. Skorn. Seething with hatred and cast out by the thieves, Skorn is not without allies. Forcing an assassin into service, he journeys to the forgotten fortress of Margauth, where a cult worships him as a god. With such an army at his command, he seeks a return to power and two keys that unlock a legendary vault. The Vault of the Eternals.

ASIN: B0719G6FCJ

Best Sellers Rank: #104 in Books > Audible Audiobooks > Fiction & Literature > Action & Adventure #109 in Books > Audible Audiobooks > Fantasy > Epic #202 in Books > Science Fiction & Fantasy > Fantasy > Sword & Sorcery

Customer Reviews

This book was a great read, with more complexity in some character increasing their depth. Having read all his other books, there are always some parts that fill in the gaps or take the suspense out as you expect a certain outcome. Nevertheless how that conclusion arrives, Ben manages to make the ride very exciting. When I noticed that one of the characters in the book is named after me I was stunned, didn't expect that, especially not so soon. I had been in contact with Ben and he liked my name and asked for permission to use it on some character in the future. I was very honored, good or evil character, I wouldn't have minded :-)

I love Jack! What a slippery, sly, sexy fellow he is! Ben, you keep upping your game with each successive book and I'm so excited to be reading your novels. Amazing characters, great stories

and it is neat to catch glimpses of other beloved characters from other novels. I love to keep coming back to the world of Luminea and can't wait to visit again!

This is the second installment in the master thief trilogy. A well written, well thought out world. I enjoyed this story a lot.

Yet another gripping tale by a master story teller. I can perfectly imagine Jack's adventures. I can't wait for book three! I highly recommend his books! Nice work Ben!

Another excellent book. The enjoyment that you get reading about Jack as he 'steals' or adventures his way through his travels is tangible. Looking forward to the next book in the series.

Book two is just as clever as book one. Brilliant Jack is funny as ever. I love the scene of Jack putting the magic water paddles on his feet and his captain's hat and bobs on the sea to his friends. Too hilarious! The story is awesome, different and amusing. Book one I felt eh maybe this is going in a similar direction as others but capable of standing among other more famous works. Book two proved Hale's imaginings are uniquely his and his spin on magical humans, dwarves, elves and trolls are unlike any other story. More over there's depth to the story, so there's Jack's adventures which alone are thrilling and brilliant but also his internal struggle over his identity. Jack's friends and their backgrounds are interesting and there's conflict among Jack and two women. When all is said and done what will Jack be and where will he go? Will Jack face the noose after evading it ten times then there's his hustling of the rock trolls to aid him? Will King Tritan have his life? There are so many questions!

Jack Myst is Luminea's version of Huck Finn. A character labeled as a ne'er do well, but manages to always do the right thing; someone who easily gets himself into trouble, but thankfully manages to slide out of every situation better than before; someone who tries not to have a cre in the world, but carries the weight of the world on his shoulders; someone who your mother may not want you to hang around, but it the best friend you could ever have. In this second book, the reader gets better insight into Jack's world and mind. I enjoyed this deeper view and this increased my love for this character. Not that this book is too deep, it was full of fun, action, adventure, tears, and a few surprises. Ben Hale's writing style is always on point.

This is certainly a worthy successor to the first in this series. Full of fast paced action, wild and daring heists, and typical jack wit. with all the death defying acts and seeminly dire circumstances he finds himself in, Jack Myst certainly is one lucky cat (pun intended).While the ending isn't quite the bombshell of the previous book, there are still a fair share of surprises, including one that's a potential game changer for everyone. I llok forward to seeing how this story ends!
